

Fast Easy Access for Higher User Adoption and Productivity

Taleo Anywhere™ enables higher productivity for all of your users with secure access to Taleo Enterprise™ transactions without logging in. Drive higher user adoption and productivity. Connect your users anytime, anywhere for increased convenience.

Faster and Easier Access Means Higher Productivity—Anytime and Anywhere

Taleo Anywhere™ means higher productivity for everyone with anytime, anywhere access to Taleo Enterprise™ transactions—without logging into the system. Drive user adoption and productivity by connecting your users whenever and wherever they are working.

Many people spend their day centered in email and calendars with productivity programs like Microsoft Outlook®. Now they can easily capture candidate data or provide performance review feedback—without leaving their email inbox.

With Taleo Anywhere, they can capture and store that information safely away in Taleo Enterprise. Need a mobile solution? Now you can make transactions on the run. Want to use social networking technologies like Facebook® to post jobs and find candidates? Now you can do that and more—faster and easier.

Make Easier Connections

Taleo Anywhere connects line managers and HR with increased freedom and convenience. Taleo Anywhere runs on our open Web 2.0 platform and with Web Services application programming interfaces (APIs). That means everyone gets easy online connections to:

- **Web Browsers.** Taleo Anywhere supports Microsoft Internet Explorer.
- **Desktop Productivity Tools.** Taleo Anywhere works as a plug-in within the Microsoft Outlook Inbox email interface.
- **Web 2.0 Connections.** Taleo Anywhere connects through RSS feeds and widgets to popular social networking communities and sites such as Facebook, Google, and Yahoo.
- **Mobile Devices.** Taleo Anywhere sets the stage for extending capabilities to smartphones such as iPhone and Blackberry.
